REPORT OF THE CHESHAM PUBLIC LIBRARY

To the Town of Harrisville:

The library building has been heated, supplies bought for the distribution of the books and eleven children's books added to the collection from the twenty-five dollars granted to the Chesham Public Library.

During the year we had two especially noteworthy gifts: 48 books were given us from the library of Mrs. Emma Glazier at her death, and Miss Sally Coan gave us 41 books from her

private library. These last were mostly juvenile while the first mentioned were for adult reading. Besides these larger gifts from our summer friends we are no less appreciative of smaller contributions from our own neighborhood.

While school is in session we have loaned selections of the best children's books to the schoolroom that they may be more easily available to the children.

Respectfully submitted,
HARRIET FRANCIS,
Librarian.

REPORT OF SUPERINTENDENT OF SCHOOLS

To the School Board and Citizens of Harrisville :

I herein submit my eleventh annual report as superintendent of schools.

If I were to express in a few words a philosophy of education with a psychological background it would recognize (1) the human mind as the most unique, delicately poised and wonderful mechanism the world has ever known; (2) that its stimuli are obtained through the so-called "Windows of the Soul" often called our common senses; (3) that its products are the conceptions, ideations, or thoughts resulting from a coalition and cooperation of mental activity, righteous feeling and power of decision between right and wrong.

To recognize these fundamental truths and provide the best environment for their healthy function and development is the problem of public education.

Not only must we develop the so-called skills in our schools but also those fundamental requisites essential to the highest type of American citizenship. This implies the cooperation of the school, the home and the church.

The condition of business is sometimes called the corner stone of our educational structure. Therefore, we can be more optimistic than we were one year ago. The indices of the business world are on the up-grade. Let not the schools lag behind.

ORGANIZATION FOR YEAR 1933-1934

School	Teacher	Enrollment Jan. 8
Village Grammar,	Annie Boynton	21
Village Primary,	Eileen Maginnis	29
Chesham,	Beatrice Hickey	21
Total,		71

At the time of writing, the schools are well organized and doing successful work.

The distribution of free milk sponsored by the State Board of Education is showing an improvement in the weight and health of the pupils.

PROMOTIONS

The following numbers of promotions in respective grades were made in June:

Grades,	I	II	III	IV	V	VI	VII	VIII
Harrisville Grammar,					5	6	6	2
Harrisville Primary, 7	8	8	5					
Chesham,	3	5	4	4	4	2	3	
Totals,	10	13	12	9	9	8	9	2

These promotions were based on the following points: regularity of attendance, term rank, standard tests and regular examinations given by the teachers.

Stamford Achievement Tests were given; one at mid-year and one in June.

The Otis Standard Graduation examination for elementary schools was given to the eighth grade.

In the above mentioned tests, the pupils with few exceptions maintained their respective grades and showed evidence of a good year's work.

On account of the small number of pupils in the eighth grade, the usual graduation was omitted.

Ruth Campbell and Lauri Luoma were promoted from the eighth grade.
